New Cases by Day

Because of limited testing capacity, the number of cases detected through testing represents only a small portion of the total number of likely cases in the County. COVID-19 data are reported as timely, accurately, and completely as we have available. Data are updated as we receive information that is more complete and will change over time as we learn more. Cases are lab-confirmed COVID-19 cases reported to San Mateo County Public Health by providers, commercial laboratories, and academic laboratories, including reporting results through the California Reportable Disease Information Exchange. A lab-confirmed case is defined as detection of SARS-CoV-2 RNA in a clinical specimen using a molecular amplification detection test. Cases are counted by date the lab result was reported. Deaths reported in this dashboard include only San Mateo County residents; death data last updated August 24, 2020.

# Child Care Relief Fund

**CALL FOR APPLICATIONS**

In July, the San Mateo County Board of Supervisors allocated \$2M of CARES Act funds to the **Child Care Relief Fund**. Eligibility for this grant program is limited to **licensed child care centers** and **family child care homes** as well as **license-exempt public recreation and school-district operated programs** in the county that have been adversely impacted by COVID-19.

The application opens **Monday, August 24** at 9am. All applications must be received by **Friday, September 4** at 5pm.

Grants will cover **one month of operating expenses** up to \$10,000 for family child care homes and \$55,000 for child care centers. Multi-site agencies are eligible for one grant.

The program will **prioritize child care programs that serve the most vulnerable San Mateo County residents**, demonstrate fiscal sustainability, and participate in existing county initiatives such as The Big Lift and Quality Counts.
